# SEVENTEENTH ANNUAL REPORT

OF THE

## RECEIPTS AND EXPENDITURES

OF THE

# TOWN OF HYDE PARK,

WITH

REPORTS OF THE SELECTMEN, TRUSTEES OF THE PUBLIC  
LIBRARY, THE SCHOOL COMMITTEE, AND  
OTHER TOWN OFFICERS,

FOR THE

YEAR ENDING JANUARY 31, 1885.

HYDE PARK:

PRESS OF THE HYDE PARK TIMES.

1885.

✓

# OFFICERS OF THE TOWN OF HYDE PARK,

*For the Year ending March 2, 1885.*

---

## SELECTMEN AND SURVEYORS OF HIGHWAYS:

HENRY C. STARK, D. W. C. ROGERS, SAMUEL COCHRAN.

---

## ASSESSORS:

JOEL F. GOODWIN, GEORGE SANFORD, CHARLES HALEY.

---

## BOARD OF HEALTH:

JOEL F. GOODWIN, GEO. F. DOWNES, CHARLES C. HAYES.

---

## OVERSEERS OF THE POOR:

JOEL F. GOODWIN	. . . . .	term expires 1885.
JOHN TERRY	. . . . .	term expires 1886.
GEORGE B. WARREN	. . . . .	term expires 1887.

---

## TOWN CLERK:

HENRY B. TERRY.

---

## TOWN TREASURER:

HENRY S. BUNTON.

---

## COLLECTOR OF TAXES:

GEORGE SANFORD.

---

## SCHOOL COMMITTEE:

RICHARD M. JOHNSON	. . . . .	term expires 1885.
GEORGE M. FELLOWS	. . . . .	term expires 1885.
HOBART M. CABLE	. . . . .	term expires 1886.
HENRY S BUNTON	. . . . .	term expires 1886.
CHARLES G. CHICK	. . . . .	term expires 1887.
ANDREW WASHBURN	. . . . .	term expires 1887.

---

## SINKING FUND COMMISSIONERS:

HENRY GREW	. . . . .	term expires 1885.
WILLIAM J. STUART	. . . . .	term expires 1886.
HENRY BLASDALE	. . . . .	term expires 1887.

## AUDITORS:

WALLACE D. LOVELL,                      CHARLES P. VAUGHAN,  
JOHN H. RUSSELL.

---

## TRUSTEES OF THE PUBLIC LIBRARY:

EDWIN C. ALDRICH	. . . . .	term expires 1885.
AMOS H. BRAINARD	. . . . .	term expires 1885.
CHARLES C. HAYES	. . . . .	term expires 1885.
EDWARD M. LANCASTER	. . . . .	term expires 1886.
G. FRED GRIDLEY	. . . . .	term expires 1886.
EDMUND DAVIS	. . . . .	term expires 1886.
SYLVANUS COBB, JR.	. . . . .	term expires 1887.
HENRY B. MINER	. . . . .	term expires 1887.
HOBART M. CABLE	. . . . .	term expires 1887.

---

## CONSTABLES:

CHARLES E. JENNEY,	PATRICK J. DONLAN,
DANIEL O'CONNELL,	GEORGE SANFORD,
GEORGE F. DOWNES,	JEREMIAH CORBETT,
WILLIAM F. CURTIS,	JAMES F. PEPPEARD,
FREDERICK S. SULLIVAN (resigned.)	

---

## SEALER OF WEIGHTS AND MEASURES:

MERRILL UNDERHILL.

---

## FIRE DEPARTMENT:

WARREN W. HILTON, Chief Engineer.  
C. L. FARNSWORTH AND FRED'K A. SWEET, Asst. Engineers.

# REPORT OF THE SELECTMEN.

---

FELLOW CITIZENS :—

In accordance with custom, we herewith present you the report of the receipts and expenditures for the past year, together with the report of the other town officials, town by-laws, list of tax-payers, and such other matters as may be of interest.

## HIGHWAYS AND SIDEWALKS.

At the commencement of the year a careful survey of the highways was made, with the idea of using the appropriation at our command for the best interests of the town. And with that end in view, we have endeavored to expend the amount appropriated in such localities as have seemed to us to be for the general good.

And in the first place we thought the time had arrived when a systematic commencement should be made with the idea of bettering our sidewalks, consequently a contract was made with E. G. Kittredge of Milford, N. H., for the purchase of curb-stone. After visiting Quincy, Sharon and other places, we found we could get the stone from New Hampshire at a much less price delivered, than from any other source. With the above facts, a system was started by commencing in the square between the two depots, and putting in curb-stone in all places between these points, with the exception of a short distance in the square, which was on account of the failure of the contractor to furnish the stone in proper season. And right here it might be well to say that on account of the dilatory manner in which the stone was

furnished, in not coming along in the time we had contemplated, causes that, which seems to be an excess of the appropriation, which, when taking into consideration, the fact that there is a balance due the town of over \$400 from the abutters which has not been collected, the work not being fully completed. However, we feel that a system has been started, which should be continued on all of our main thoroughfares at first, and then be extended to the other and less frequented streets, to the end, that the passage of foot passengers, may be made more convenient, also as a matter of economy. We would recommend that in the future a separate appropriation should be made, so that the Surveyors of Highways may be able to know just how far they can go, or in other words, that they may be able to make contracts for the best interests of the town. For instance, if it could be known in the month of January of the year preceding the work to be done, there is no doubt but the contract for stone could be made at a saving of from 10 to 20 per cent.

We submit herewith in tabulated form a list of the abutters, fronting whose estates edge-stones have been placed and sidewalks constructed, showing the expense of stone, concrete, etc., with the amounts assessed to the abutters, the amounts paid and due. No bills have been rendered or demands made where the sidewalks have not been completed. Although the edge stones are in position, as in the case of Dr. Webster, Real Estate and Building Co., A. E. Giles, Chas. Haley and H. S. Bunton, trustee. In some cases as the table shows, where the expenses of stone and concrete were nearly equal, the abutters paid directly to Mr. K. W. Dodge for concrete, and the town paid for the stone, saving so far as such abutters were concerned any complication of accounts. We are pleased to note a manifest disposition on the part of several of these abutters, to keep the sidewalks in front of their estates, free and clear of snow and ice,

much to the comfort and convenience of all who have occasion to use them,

In relation to highways, that part of River street, between the Paper Mill and the Boston line, was given a thorough coating of gravel, and the old culvert near the Paper Mill was rebuilt in a satisfactory manner, so that instead of being one of the worst places in our highways, it has become one of the best. In connection with this it should be said, that the New York & New England Railroad Co. were notified to put the approaches to the bridge near the River Street Station, in a better condition, which they have complied with. But the same cannot be said in relation to the crossings at Readville, as they have been repeatedly called upon to place it in better condition, which they have failed to do. This crossing is neither satisfactory to the Town Officials or to the surrounding residents.

Some twelve years ago, the County Commissioners relaid out River street from Boston to Dedham line, and ordered the Town to complete the same in accordance with the decree. That portion from the square to Metropolitan avenue

was finished, and that portion from the square to Dedham line never has been. For different reasons, first, it was felt, that at sometime, the Boston & Providence Railroad Company would raise its bridge, and so far as the immediate vicinity was concerned, it would be better to wait until the completion of this work, so as to conform the grading. Second, the financial condition of the Town did not warrant the expense. But this year, the bridge having been completed, and in such a manner, that it left a large depression in the highway on the southwesterly side of the bridge, to the extent that something had to be done as a matter of drainage, etc., and it was thought best by your Selectmen to cut off the knoll in front of the Partridge estate, and to bring such part of the material forward, and fill up the hollow, caused by the raising of the bridge, this with the extremely low price for which the work was offered to be done \$900, and such surplus stone as was not used in the construction of the street, induced the Selectmen to make a beginning in changing of the grade of River street as decreed by the County Commissioners. And also in connection with this it became necessary to lower the grade of business street, opposite the B. & P. Railroad depot, some three feet.

As to the drainage of Gordon avenue, nothing has been done as the matter had been referred to the town, and by its vote had refused to change the grade, but it is the opinion of the Board that something should be done for the relief of those living on the street, both for the purpose of drainage and convenience.

At the River Street Bridge in Readville, the abutment on the southerly side fell in, and had to be replaced with a new one, which was done in a satisfactory manner and will probably last for some time to come. Readville street from the corner of River to Charles street was thoroughly rebuilt and put in good condition. This street is one of which the Selectmen, in years past, had numerous complaints, and we

think has been benefitted to the satisfaction of all concerned. In the Sunnyside district the advantage of doing thorough work has been demonstrated and the work of the years past needing but very little outlay. These streets, with the exception of Thompson street, which needs to be rebuilt, and which would have been done this year had the amount at our disposal been adequate, but as it was, we made it passable, with the exception of this street and the extension of Glenwood avenue, the streets of Sunnyside are in a very good condition.

#### WEST STREET.

Hillside, and that portion of West street, west of Hyde Park avenue, was repaired in a thorough manner, which, from the springy nature of the ground and a long continued neglect, had become quite impassable at certain seasons of the year, and consequently as far as practicable it was put in thorough condition.

#### WILLIAMS AVENUE.

On the lower end of this street the grade was made to conform to the original plan as laid out and accepted by the town. A new paved gutter was placed in position, and the fences moved back and the street widened. This has been left in rather an incomplete condition in consequence of the lateness of the season when the work was commenced, and should be completed as early in the spring as possible. And we think it would be advisable for the town to settle in the near future the question of drainage for this avenue. As is well known the town has had numerous contentions with one of the abutters on said street, and now it becomes necessary to send a police officer with the workmen to remove obstructions in a certain drain which is placed there under a claim of right, and it seems to us that this matter should be settled either by a change of grade, or in some satisfactory manner.

## FAIRMOUNT AVENUE.

This street at the northerly corner of Summit street, has been widened some five or six feet. Mrs. Ruth S. Blake freely giving the land for so doing, so that now there is a good sidewalk fronting on her estate, where before there was but a very narrow path, and it only needs a coating of dry loose gravel to complete this much needed improvement.

There has also been put down a concrete gutter on this avenue at its junction with Pond street, with a corner edge stone, thus greatly improving the highway at this point, as to drainage and otherwise.

## DANA AVENUE.

In consequence of this street having been torn up the preceding year for the purpose of laying a drain-pipe to carry off the water which was constantly overflowing this highway from the lands of the Real Estate and Building Co., thereby causing considerable expense, which, by the way, was done jointly by the town and the said company, and having been left in an unfinished condition, it was deemed necessary to smooth over, shape up the sidewalk somewhat, and partially gravel the same which has been done.

## WINTER STREET.

This street has been regraded at the suggestion of the Board of Health, and is now much better as regards convenience, and as a sanitary measure.

## BACK STREET.

This is an old street running from River street, near the Paper Mill, to the Boston line. It having been brought to our attention that it was in a dangerous condition, and very much in need of either a discontinuance or repairs, it was thought best by this Board to put it in a safe condition, as it is, with proper repairs, one of the most direct and easy

ways connecting Hyde Park with the cemeteries of Boston. This, with the understanding, that the Boston authorities proposed putting their part of the street in proper repair. The Selectmen have had it put in a respectable condition by cutting the bushes and trees at the sides, and removing the large stone from the roadway, in fact, making it passable.

#### CHILD AND CLEVELAND STREETS.

The appropriation of \$1000 for the payments of bills contracted the year previous, and the completion of the work, as will be seen by a reference to the itemized account, remains partially unexpended in consequence of being unable to bring the matter of Talbot vs. Town of Hyde Park to a settlement. Mr. Talbot claims much more than the Selectmen thought justly due, consequently no settlement has been made. These streets were made and rebuilt under the "Betterment Act," and the streets have been completed and assessments upon the abutters to the amount of \$1576.00 have been made.

#### CENTRAL PARK AVENUE.

This work was done in accordance with a vote of the town and for the protection of the residents of Green street, also to relieve the town of liability for drainage to private property in consequence of the town draining this avenue and River street onto land opposite the Providence depot. The contract was awarded to Mr. John Dunn after being in competition with numerous other contractors, and his contract only applied to the roadway and sidewalk, which was done in a fairly satisfactory manner. The grading of the estates was done by the town by the day, and the sum appropriated was found to be insufficient, but after commencing the work it was thought best to complete it. By so doing satisfactory settlements could be made with the abutters. This improvement has been of great benefit to the residents of

Green street and made a much more symetrical street of Central Park avenue, together with relieving the town of liability of damage, on account of drainage.

#### MILTON STREET.

On this street a new sidewalk has been completed on the easterly side for quite a distance, so as to make it passable for foot passengers. The centre of the street is badly worn and in need of repairs.

#### OTHER MATTERS.

Besides this specified work, there has been a great deal of general repairs, such as repairing gutters and in some places putting in new ones, mending roadways, building and repairing fences along the roadways, repairing street signs, and various other small items too numerous to mention.

#### FIRE DEPARTMENT.

As will be noticed by a reference to the report of the engineers of this department, our town has been remarkably free from fires during the past year, and we take pleasure in saying that in our opinion Hyde Park has a department second to no town of her size in the Commonwealth, both as to the assortment of apparatus, discipline and ability of its members, and when the means for obtaining water such as are promised in the near future by the Hyde Park Water Co. are completed, the town will be amply provided for the protection of its property.

#### BOARD OF HEALTH.

It will be noticed by reference to the report of the same that they have attended to their duties with more than their usual vigor, which no doubt was necessary on account of the growing age of the town and the consequent increased amount of sewage and other matters deleterious to the public

health. The expense of which has had to be met by the Selectmen from the incidental and highway appropriations as is contemplated by them, and in the future we would recommend a separate appropriation to the end, that they (the Board of Health) might know to what extent the town wish them to go in their improvements.

#### POLICE.

The duties devolving upon this department under the management of the same efficient chief, as during the past few years have been performed to our entire satisfaction, so far as the means provided would justify. "The No License vote," of the town and laws in reference thereto have been enforced, as thoroughly we think, as could be expected, besides which officer Jenney has found an abundance of work in other directions calling for his time and personal attention, often extending his days far into the night. Officer Donlan has been faithful in the performance of his duty, (that of night watchman) as we gladly testify.

It is the opinion of this Board that in the near future this department should receive a more careful consideration on the part of the town. For it seems to us hardly fair to think or expect that any one officer alone can guard or protect all points in our town either by day or by night. We feel justified in calling your attention to this matter, as we think with many of our fellow citizens that a larger force should be provided for.

A statement more in detail of the workings of this force may be found by referring to the report of the Chief of Police herewith annexed.

#### STREET LIGHTS.

The same plan as for several years past has been adopted for lighting our streets, viz: in part by gas furnished by the Dedham and Hyde Park Gas Light Co. (at a stipulated price

of twenty dollars per lamp per year,) and in part by naphtha or oil lamps. Regarding the latter part of our system, so much complaint has been made during the past year that we have endeavored to remedy this difficulty by a change from the system of the "Globe Gas Light Co," (naphtha) to that of the "Wheeler Reflector Co." (kerosene oil,) the contract price being five and one-half cents per lamp, per night, the company making all glass repairs; and we are satisfied that the change has been a good one, that the town has had better lights than by the former method, besides making quite a saving in expense. Yet with the lamps properly trimmed and the lanterns otherwise properly cared for the improvement would be still greater and more in accordance with our expectations. The lights in the Readville district evidence better care and attention than do those in other parts of the town thereby showing more nearly the service we anticipated from the contract entered into with this company. Perhaps with greater experience better service may be rendered, provided the town see fit to continue this system of street lighting.

The term of these contracts expire June 1st and July 9th, 1885.

Respectfully submitted,

HENRY C. STARK,

D. W. C. ROGERS,

SAMUEL COCHRAN,

*Board of Selectmen.*

# POLICE REPORT.

*To the Board of Selectmen :*

GENTLEMEN,—I have the honor to submit my third annual report of the Police Department, for the year ending January 31st, 1885. The following is a record of the arrests for the year commencing February 1st, 1884, and ending February 1st, 1885 :—

Liquor Nuisance . . . . .	12
Drunkenness . . . . .	30
Common Drunkard . . . . .	1
Assault . . . . .	20
Breaking Glass . . . . .	2
Violation Town By-Laws . . . . .	3
Evading Car Fare . . . . .	5
Larceny . . . . .	2
Disobedient Children . . . . .	2
Vagrants . . . . .	14
Tramps . . . . .	1
	<hr/>
	92

Number of search warrants for intoxicating liquors . . . . .	7
Cases reported and investigated without arrest . . . . .	120
Arrested and turned over to Officers from other places . . . . .	6
Defects in streets and sidewalks reported . . . . .	14

In addition to the above 1108 travellers have been lodged in the lock-up over night, being discharged the following day.

A determined effort has been made to suppress the sale of intoxicating liquors, and I think with good success. The difficulty of procuring evidence sufficient to convict, is little un-

derstood by those without experience in such work, and with only one officer for all work, it sometimes happens that all the time demanded in the care of a particular case cannot be given. The officer detailed as night-watchman has given all the aid and assistance in his power, but his time is nearly all taken up by his regular duties. The other police officers considering the fact that they receive no compensation except on special occasions, and all are engaged in other occupations, have rendered all the assistance in their power.

CHARLES E. JENNEY,

*Chief of Police and Keeper of Lock-up.*

## ENGINEERS' REPORT.

ENGINEERS' ROOM, H. P. F. DEP'T, }  
HYDE PARK, Jan. 31, 1885. }

*To the Honorable Board of Selectmen :—*

GENTLEMEN :—We present herewith our report of this department for the year ending Jan. 31, 1885. During this time the town has been remarkably free from any serious fires ; still we have fortunately escaped from some, by which, but for early discovery, might have been very disastrous.

The membership of the companies is full with few changes during the year.

The Steamers are in perfect repair, as also is the Chemical Engine, and the Hose Carriage.

We have replaced the old Hook and Ladder Truck with a new one, at a cost of \$500, and have made a good disposal of the old one, exchanging it with the payment of \$300, for 500 feet of first-class hose.

We have also added two set of swinging harness, one to Steamer 2, the other to the Hook and Ladder Truck, which increases the efficiency of the apparatus very much.

We have also replaced several of the old ladders, with some more suited to the needs of the department.

The equipment of the department is as follows: 2 Steam Engines, 2 Hose Carriages, 1 Chemical Engine, 1 Hook and Ladder Truck, 1 Fuel Wagon, and 4 sets of Swinging Harness, 500 feet of new cotton hose, 3000 feet of cotton hose, from one to five years old, in good condition, and about 1000 feet of leather hose entirely unfit for use.

In closing this report, we can say with much gratification, that we believe Hyde Park has as efficient a Fire Department, both in men and apparatus, as any town in the State.

Appended to this report you will find a list of the officers and men attached to each company, and also a list of alarms and fires, during the year.

Respectfully submitted,

W. W. HILTON,

*Chief Engineer.*

C. L. FARNSWORTH,

F. A. SWEET,

*Assistant Engineers.*

## OFFICERS AND NUMBER OF MEN.

The following is a list of the officers of the several companies, together with the number of men in the employ of the department:

### GOODWILL STEAM FIRE ENGINE CO., No. 1.

A. R. WILLIAMS, Foreman.  
 W. H. PLUMMER, Assistant Foreman.  
 I. W. BULLARD, Clerk.  
 C. H. WANDLASS, Treasurer.  
 H. E. HUNT, Engineman, and nine men.

### ROUGH AND READY STEAM FIRE ENGINE CO., No. 2.

STEWART McKENZIE, Foreman.  
 F. T. GREENLOW, Assistant Foreman.  
 J. H. McKENNA, Clerk.  
 JAMES A. GUINAN, Treasurer.  
 G. V. McDOUGALD, Engineman, and nine men.

### CHEMICAL ENGINE CO., No. 1.

H. G. BALKAM, Foreman.  
 ARTHUR STOREY, Clerk.  
 H. G. BALKAM, Treasurer.  
 H. I. SOMES, Engineman, and two men.

### HOOK AND LADDER CO., No. 1.

WILLIAM M. WISWALL, Foreman.  
 CHARLES F. GRAHAM, Assistant Foreman.  
 D. H. COOEY, Clerk and Treasurer, and nine men.

Number of Firemen . . . . . 45

JOSHUA WILDER, Steward of the Department.

## REPORT OF THE BOARD OF HEALTH.

---

In making the annual report, the Board of Health finds it difficult to condense in the limited space allowed in the Town Report what it has done and what it has left undone in the sanitary work of the town. As the people become more enlightened on sanitary subjects, the demand for work on the part of the Board of Health increases proportionally. It is with great pleasure that we acknowledge the assistance and hearty coöperation of nearly all of the citizens in the work of cleansing the town. With hardly an exception, all seem to see the importance of abating nuisances to prevent sickness. We have superintended the cleaning out of over two hundred cesspools and privy-vaults. We have granted thirty licenses for keeping swine, and only three have been revoked on account of complaints. Nuisances have been abated on several open lots, where ashes, rubbish and filth had been allowed to accumulate. The Whipple block, Everett block, Holway blocks, Lincoln House, and many other places have been carefully cleaned and ventilated, with the hearty coöperation of the owners. The ditches in the rear of Greenwood's farm have been re-opened to prevent the accumulation of stagnant water on the marshes in the neighborhood. The drains in the rear of Green street, which have been obstructed by earth and rubbish, have been re-opened. The Selectmen, at the suggestion of the Board, did good sanitary work in grading and making over Winter street, where the water overflowed the cellars of several houses. Barry court, near Carter's coal yard, was made passable by filling up with

gravel. This was done by the town, J. B. Carter assisting. On Williams avenue it was found difficult to get rid of sink-water; many persons made sink-drains to run into the brook passing under a culvert on Water street, then through Mr. W. J. Stuart's grounds to the Neponset river. The bad smell near the culvert was complained of, and the public nuisance was abated; so now the stream is clear, and there is no disagreeable odor from the brook.

The Board were obliged to abate a nuisance existing between West River and Childs streets. This land is low, and stagnant water was found in an old ditch. We had it cleaned out thoroughly, and connected with the Cleveland street drain.

In some parts of the town, where the ground is low and wet, it is quite difficult, without great expense to private parties, to keep the cesspools emptied. This trouble will continue until sewerage is introduced. Many parts of our town are thickly settled, and to prevent the accumulation of nuisances as the town becomes more populous is a question demanding consideration and action. It is to be hoped that water will be soon introduced, and then the demand for a system of sewerage will become more urgent, because more water will be used. Many think if we only obtain water we can wait some time before it will be necessary to have sewerage. It would be desirable and cheaper to have all the work done together.

We suggest that great care and attention should be given to cellars. They should be kept clean and ventilated daily. No heap of ashes, garbage, or any kind of dirt, should be allowed to remain in the cellar, for they are sure to generate noxious gases, which ascend through all the rooms up to the attic.

In the month of August alarming accounts were published in several newspapers that an epidemic of glanders had broken out among the horses of O'Brien's circus. Citizens

applied to the Board of Health to make a thorough examination of the horses before they were allowed to go through the streets of Hyde Park. We employed Dr. John A. Soule, veterinary surgeon, to examine carefully every horse belonging to the circus. Seeing how thoroughly the work was done, we felt safe in giving Mr. O'Brien a permit to make an exhibition of his horses, barring one or two suspected animals, which were quarantined.

We think that the sanitary work accomplished this year has prevented much sickness. We are certainly under obligations to the physicians for their advice and coöperation in the good work. They have reported twenty-three cases of diphtheria, with only six deaths; eighty-nine cases of scarlet fever, and only one death, which occurred from a malignant type of the disease: eleven cases of typhoid fever, and only one death.

Where the houses are in such close proximity as in Hyde Park, the well water must necessarily become contaminated from the cesspools and privy-vaults. Dr. Hammond, the distinguished authority in sanitary matters, says that a cesspool should be at least one hundred feet from the well. Here they are often less than ten feet. There is no doubt that both wells and cesspools are a nuisance in Hyde Park. We advise that filtered cistern water be used, if it can possibly be obtained.

There seems to be little question in regard to the visitation of cholera the coming season. We have all along, in our sanitary work, had this in anticipation, and hence our task has been greater. There is a great deal of work yet to be done. It has taken nearly all of the time of some one of the Board to do the necessary work, and still much is left undone.

As many persons have not seen the sanitary regulations adopted by the Board of Health in April, we add them to the report.

## REGULATIONS.

PUBLIC STATUTES, CHAPTER 80, SECTION 18.—The Board of Health of a town shall make such regulations as it judges necessary for the public health and safety, respecting nuisances, sources of filth and causes of sickness within its town. Whoever violates any such regulation shall forfeit a sum not exceeding one hundred dollars.

In accordance with the foregoing provision of law, this Board adopts the following regulations, which will be strictly enforced:—

REGULATION 1.—No person will be permitted to keep any swine within the limits of the town of Hyde Park without a written permit from the Board of Health.

REGULATION 2.—No person shall place, or cause to be placed, or by any means empty, or cause to be emptied, any sewage, the drainage of any sink or stable, or the contents of any cesspool or privy well, in or upon any public street or way of this town.

REGULATION 3.—No person shall remove, or carry in or through any of the streets, lanes or avenues, places or alleys, within the town of Hyde Park, the contents of any cesspool, vault, privy, or privy well, unless a permit be granted by the Board of Health.

PUBLIC STATUTES, CHAPTER 80, SECTION 79.—When a physician knows that a person whom he is called to visit is infected with small pox, or any other disease dangerous to the public health, he shall immediately give notice thereof to the Selectmen or Board of Health of the town; and if he refuses or neglects to give such notice, he shall forfeit for each offence not less than fifty nor more than one hundred dollars.

REGULATION 4.—The following diseases are considered contagious and dangerous to the public health:—Small Pox, Diphtheria, Scarlet Fever, and Typhoid Fever.

The Board intends, by personal supervision, to see that the above regulations are carried out, and desires the inhabitants of Hyde Park to assist in the work of frequently cleaning out the cesspools and removing all noxious matter from their premises.

Respectfully submitted,

JOEL F. GOODWIN, Chairman,  
GEORGE F. DOWNES,  
C. C. HAYES, M. D., Secretary,

*Board of Health.*

## REPORT OF OVERSEERS OF POOR.

---

In rendering a statement of the affairs of this department we have mainly to repeat the statements of former years,—that a certain number of poor persons residing here and with settlements on this town have been aided to a greater or less extent, and that certain others, who have been perhaps only transient residents here, have also called for aid and have been helped at the expense of other towns or the state. In addition to these cases, we have also five persons who are fully supported in the Insane Hospitals of the State at our expense, and four adults and eight children whom we have supported at other places, and a fifth adult supported during a part of the year.

You will see by the appended statement that we have had to pay for the board of one of these adults at the rate of \$4.00 per week; another cost us \$3.50 per week, while two others here in town have been supported for about \$2.00 per week each. For the children we have paid various prices ranging from \$50.00 to \$96.00 per year each, and we find that the institutions are gradually raising their charge as we present new cases. We also furnish clothing in addition to the above amounts.

In view of these standing expenses and the expensive sicknesses of transient paupers which are regularly occurring, we still feel that something should be done towards establishing an almshouse in the town, and an exigency is quite likely to arise at any time, which will oblige the Overseers to, at least for a time, provide themselves with some facilities of that character.

We take much pleasure in noting here the kindly act of a generous citizen, who placed in our hands ten dollars to be expended for Thanksgiving dinners for our poor.

This thoughtful gift furnished the tables of a number who would otherwise have been by their poverty shut off from any enjoyment of the good cheer which is with us so inseparably associated with the Thanksgiving season.

JOHN TERRY,

*Overseers of Poor.*

HYDE PARK, JAN. 31, 1885.

# THE THIRTEENTH ANNUAL REPORT

OF THE

## HYDE PARK LIBRARY BOARD.

---

The condition of the Public Library is so well-known by our citizens generally, that beyond a few statistics, little can be said that is new.

The new rooms now occupied appear to be all that can be desired, being centrally located, easy of access, of ample size for the present and prospective needs of the institution, and convenient in all respects.

The liberal appropriation by the town for the past year, enabled the Trustees to engage Miss Mary Hawley as permanent assistant to the Librarian, Mrs. H. A. B. Thompson. Miss Hawley had previously been much employed as temporary assistant, and was already familiar with the Library and with the public needs.

The amount of labor necessary to keep the Library in a high state of efficiency is much more than would commonly be supposed, and is quite sufficient to require the active labor of two persons.

Since the removal of the Library to its present location, our citizens have availed themselves of its privileges much more generally than ever before, the number of books given out the past year being nearly 9,000 more than for the year preceding. This remarkable increase of circulation, as also

the fact that no complaint from any source has come to the knowledge of the Trustees, lead them to infer that the management of the Library, and its present condition are satisfactory to all.

The Library now contains about 7,900 volumes, and most new books of general interest are added immediately after their publication.

All the principal magazines, with other serial publications can be obtained for use in the Reading Room on application to the Librarian, while on the tables will be found various newspapers, weekly, semi-weekly and daily. Magazines, upon the close of each volume, are bound and placed on the shelves for home use.

For the past year the Official Gazette of the Patent Office has been received weekly without cost to the town, and a number of reports for other years have also been obtained from various sources, though it has not been possible so far to complete the set.

Copies of the Library Catalogue and its supplements may be had free of cost by any head of a family not already possessing one.

The number of books taken out the past year was 30,742; the number of new cards issued was 606; amount received in fines was \$47.19; the number of new books added by purchase was 652.

The following donations were received during the year:—

1 volume from Mr. E. L. Slocomb.

10 volumes from Mrs. Geo. W. Noyes.

2 volumes from Department of the Interior, Washington.

2 volumes from the War Department.

4 volumes from Commonwealth of Mass.

18 Pamphlets from Washington.

Patent Office Gazette for the year.

For the Trustees,

A. H. BRAINARD,

*Chairman.*

## BY-LAWS.

---

At a meeting of the legal voters of the town of Hyde Park, Mass., held December 14th, A. D. 1882, it was voted to adopt the following By-Laws, to wit:—

### NOTIFICATION OF TOWN MEETING.

Every town meeting shall be notified by posting copies of the warrant calling the same, in ten public places in the town, seven days, at least, before the day appointed for said meeting; and a copy of the warrant shall be published in the local newspapers of the town, once at least, before said meeting.

### ANNUAL TOWN MEETING.

The annual town meeting shall be held on the first Monday of March of each year. The meeting shall be opened at eight o'clock A.M., and the polls shall be kept open until sunset.

### RULES FOR THE GOVERNMENT OF TOWN MEETING.

- 1.—Every meeting shall be opened with prayer.
- 2.—All questions submitted for the consideration of the town, involving the expenditure of money, shall be in writing, when so required by any legal voter.
- 3.—No vote fixing the period for closing a ballot shall be reconsidered after such ballot shall have commenced; but it may be in order to extend the period without such reconsideration.
- 4.—When a question is under debate, motions shall be received to adjourn, to lay on the table, the previous question, to postpone to a certain time, to postpone indefinitely, to commit, or to amend; which several motions shall have precedence in the order in which they are herein arranged.
- 5.—The powers and duties of the presiding officer, not especially provided for by law, or by the foregoing rules, shall be determined by the rules of practice contained in "Cushing's Manual," so far as they are adapted to the condition and powers of the town.

6.—No vote shall be reconsidered except upon a motion made within one hour after such vote has passed, unless such reconsideration is ordered by a vote of two-thirds of the voters present and voting.

#### FINANCIAL YEAR.

The financial year of the town shall begin with the first day of February in each year, and end on the thirty-first day of the following January.

#### MEETINGS OF TOWN OFFICERS.

The selectmen, overseers of the poor, board of health, surveyors of highways, and school committee shall post in some conspicuous place at their official rooms, a notice of the times of their respective meetings, and shall also give notice of the same through the local newspapers.

#### COLLECTION OF TAXES.

1.—The assessment of taxes shall be completed, and a list of the same delivered to the collector, on or before the first day of August of each year.

2.—All taxes which may be assessed, if paid on or before the first day of October next after the assessment, shall be entitled to such discount as the town shall vote at its annual meeting. All persons who may be assessed a poll-tax only, shall pay the same on demand. All taxes shall be paid in full on or before the first day of November next following the assessment of said taxes, and if not so paid, interest shall be paid at a rate not exceeding seven per cent. per annum, if so voted by the town.

3.—On the first secular day of each month, the Collector shall pay over to the town Treasurer all the taxes collected by him; and he shall on or before the first day of February in each year, make up his account and render the same to the Auditors.

#### DUTIES OF THE AUDITORS.

1.—The auditors shall examine the accounts of the selectmen, school committee, treasurer, collector, trustees of the public library, and the custodian of the town hall, and all other officers or committees entrusted with the expenditure of money, quarterly, and shall certify as to the correctness of the same in the printed annual report.

2.—Before certifying to the accounts of the treasurer, they shall examine his cash-book, wherein shall be entered his receipts and payments, as they occur from day to day, shall see that he has paid out no moneys except on proper vouchers, carefully examine all payments for interest, and see that the funds on hand are intact.

3.—Before certifying to the collector's accounts, they shall examine his cash-book, showing the amounts collected from day to day, and showing when the same were paid over to the treasurer; shall see that he has collected interest on all taxes overdue, and shall see a complete list of abatements, and also a list of unpaid taxes.

4.—They shall see that the accounts of the trustees of the public library, and the custodian of the town hall, are kept in a correct manner, and that all payments are accompanied with proper vouchers.

#### REMOVAL OF BUILDINGS AND OBSTRUCTION OF HIGHWAYS.

1.—No building shall be removed over a public street without the written permission of the selectmen.

2.—The owner of such building, or the person or persons removing the same, shall pay the town all damages, costs, and expenses for which the town may be liable or compelled to pay.

3.—No person shall place, or cause to be placed, in any of the public streets, sidewalks, lands, or upon any of the common lands of the town, without a written license from the selectmen, any manure, dirt, gravel, stones, building materials, wood, coal, barrels, boxes, merchandise, or any rubbish or obstruction whatever.

4.—No person shall obstruct the sidewalks or streets of the town to the molestation of travelers, or accost or address another person with profane or obscene language in a street or public place. Whoever violates this by-law shall be subject to the provisions of section 35 of chapter 207 of the public statutes. Constables and police officers are instructed to enforce this by-law.

5.—No person shall ride or drive a horse in any street in the town at a rate faster than eight miles an hour.

6.—No person shall play ball, or throw snow-balls, or stones, or discharge any gun or fire-arm, or make any bonfires or other fires, in any of the streets or public places in the town, unless by written consent of the Selectmen.

7.—No person except the Selectmen or the Surveyors of Highways, in the lawful performance of their duties, or those acting under their orders, shall break or dig up the ground in any street or public way in the town, without first obtaining a written permit from the Selectmen; and all persons acting under such permit, shall put up and maintain a suitable railing or fence around the part of the street so broken up, so long as the same shall remain unsafe or inconvenient for travellers, and he or they shall keep one or more lighted lanterns fixed to such railing or fence, or in some other way exposed every night from twilight in the evening through the whole night, so long as such street or way shall be or remain unsafe or inconvenient for travellers.

8.—Loud crying of wares or merchandise, or hallooing, hooting or making loud and unseemly noises on the public streets or squares of the town, to the annoyance of citizens, is prohibited.

#### COASTING.

Coasting on any of the public streets of the town is prohibited, except upon such streets as the selectmen shall designate each year by public notice.

#### PASTURING OF CATTLE OR OTHER ANIMALS ON STREETS OR WAYS.

1.—The town hereby adopts and avails itself of the provisions of chapter 53 of the public statutes, relating to the pasturing of cattle or other animals in streets or ways.

2.—No person shall be allowed to pasture any cattle, goat, or other animal upon any street or public way in said town, either with or without a keeper, except within the limits of such way adjoining his own premises, and field-drivers are instructed to enforce this by-law.

#### TRUANTS.

1.—The town hereby avails itself of the several provisions of the statutes of this Commonwealth, now in force, relating to habitual truants and absentees from school.

2.—All children convicted of habitual truancy hereunder, and children between the ages of seven and fifteen years, residing in said town, and who may be found wandering about the streets or public places of said town, having no lawful occupation or business, not attending school, and growing up in ignorance, may be committed to the Lawrence Industrial School, of Lawrence, Mass., or to any house of reformation which has been or may hereafter be established by the County Commissioners of the County of Norfolk, or to any place provided by this town within its limits, for confinement, instruction and discipline.

3.—Two or more truant officers shall be appointed annually, whose duty it shall be to inquire into all the violations of the truant laws, and of the law relating to compulsory education, and to do all the acts required of them by the laws of the Commonwealth.

4.—It shall be the duty of every truant officer, previous to making any complaint under these laws, to notify the truant, or absentees from school, also his parent or guardian, of the offence committed, and of the penalty therefor, and if the truant officer can obtain satisfactory pledges for the restraint and reformation of the child, he may, at his discretion, forbear to prosecute so long as such pledges are faithfully kept.

5.—It shall be the duty of the School Committee, the teachers of the public schools, and the citizens generally, to aid the truant officers as far as possible in the discharge of their duties.

6.—It shall be the duty of the truant officers to keep a full record of all their official acts, and make an annual report thereof to the School Committee, who shall publish the same with their own report.

7.—Nothing in these by-laws shall be so construed as to alter or impair the obligation and duty of teachers to enforce punctuality and regularity of attendance, and to preserve good order and discipline.

#### JUNK DEALERS.

The Selectmen are authorized and instructed to enforce the provisions of chapter 102 of the public statutes or acts amendatory thereof, or additional thereto, relating to junk dealers.

#### LIST OF TAX-PAYERS.

The names of all persons paying a tax on real or personal property shall be published annually in the town report, together with the amount of tax assessed upon each, and whether the same is paid or unpaid.

#### UNEXPENDED APPROPRIATIONS.

Any unexpended balance of the regular annual appropriations, excepting those for public schools and the Public Library, shall, at the close of each financial year, be paid into the sinking fund, to be used in extinguishing the town debt.

#### DUTIES OF TOWN CLERK.

The Town Clerk shall keep a file of all town reports, reports of all committees chosen by the town, and all original documents relating to the affairs of the town which may come into his possession; he shall, as soon as practicable, after any election has been held by the town, in addition to the notices he is now directed to give to officers who are required to take an oath of office, also issue a written or printed notice to all persons who have been elected to any other office, or chosen to serve on any other committee, stating the office to which such person has been elected, or the duties which such committee was chosen to perform.

#### DEFENCE OF ACTIONS.

The Selectmen shall have full authority, as agents of the town, to employ counsel, and appear for and defend suits brought against it, unless otherwise specially ordered by a vote of the town.

## CONVEYING.

Whenever it shall be necessary to execute any deed conveying land, or any other instrument required to carry into effect any vote of the town, the same shall be executed by the Selectmen, or a majority of them, in behalf of the town, unless the town shall otherwise vote in any special case,

## BY-LAWS IN RELATION TO THE PREVENTION OF FIRES, TO WIT:

It shall be the duty of every person who shall commence the erection of any building within the town of Hyde Park to notify the Board of Engineers thereof before he shall commence building the chimneys therein.

All chimneys in wooden buildings shall be built of brick, stone, or other fire-proof non-conducting material. All brick flues shall be smoothly plastered *inside* with mortar from top to bottom and *outside below the roofing*.

In no case shall chimneys rest upon any flooring without a footing of masonry or iron supported by iron beams, having a secure bearing of masonry or iron at either end.

All flues shall be topped out at least four feet above the roof of the building to which they belong. The brick topping out of chimneys shall not have more than two inches projection, unless covered by a cap of metal or stone properly secured.

Hearths of fireplaces or grates shall be laid upon brick or other trimmer arches, or upon bars of iron supporting a bed of brick-work.

No wood-work of any kind shall be placed at a less distance than one inch from the outside brick-work of any flue. In no case shall a nail be driven into the masonry of any flue.

No wood-work shall be placed at a less distance than one inch from any tin or other metal flue or flues, pipe or pipes, used or intended to be used to convey heated air or steam in any building, unless such flues or pipes shall be cased with metal, leaving a free circulation of air all around the same.

No smoke-pipe in any such wooden or frame building shall hereafter enter any flue, unless the said pipe shall be at least twelve inches from either the floors or ceiling; and in all cases where smoke-pipes pass through stud or wooden partitions of any kind, whether the same be plastered or not, they shall be guarded by either a double collar of metal, with at least four inches of air space and holes for ventilation or by a soap-stone ring, not less than three inches in thickness and extending through the partition.

The Board of Engineers shall examine into all shops and other places where shavings or other combustible material may be deposited or collected, and at all times be vigilant in the removal of the same, whenever, in the opinion of any majority of them, the same may be dangerous to the security of the town from fires; and direct the owner, tenant, or occupant of said shops, or other places, to remove the same; and in case such owner, tenant, or occupant's refusal or neglect so to do, to cause the same to be removed at the expense of such owner, tenant, or occupant.

It shall also be the duty of said Engineers to take cognizance of all buildings in the town in which any steam engine shall be used, and of all buildings in the town in process of erection or alteration, and to make a record of such thereof as in their judgment may from any cause be dangerous, and report the same to the Selectmen forthwith. And whenever in the opinion of a majority of the Board of Engineers, any chimney, hearth, oven, stove, stovepipe, fire-frame or other fixture, or any camphene or other explosive or inflammable fluid or material, or whatever else may give just cause of alarm, should be altered, repaired or removed, they, the said Engineers, shall forthwith notify and direct the owner, tenant or occupant of the premises upon which the same are situated, to alter, repair, or remove the same, as the said Engineers shall direct. And in case such tenant, owner or occupant shall refuse or neglect so to do, the said Engineers shall cause the same to be removed, altered or repaired at the expense of such owner, tenant, or occupant. And any person who shall obstruct the Engineers, or any of them, in carrying out the provisions of this section, shall be liable to the penalty hereinafter stated.

The removal, extension or essential alteration of any building; also, the rebuilding or repairing of any building which has been partially destroyed by fire, shall be subject to the same restriction which are imposed by the foregoing By-laws on the erection of buildings.

#### PUBLICATION OF BY-LAWS.

The Selectmen shall publish these By-laws annually in connection with the town report.

#### PENALTIES UNDER THE BY-LAWS.

Every violation of any of the foregoing by-laws shall be punished by a fine of not less than one dollar nor more than twenty dollars, to be recovered by complaint before any trial justice in the County of Norfolk, or any other court having jurisdiction.

## PROSECUTION UNDER THE BY-LAWS.

Any citizen may, and the selectmen, constables and police officers shall, prosecute every violation of any of the foregoing By-laws, by complaint before any trial justice in the County of Norfolk, or any other court having jurisdiction.

## REPEAL OF OLD BY-LAWS.

All former by-laws of the town are repealed on approval of these By-laws, as provided for in the following section:—

## BY-LAWS, WHEN TO TAKE EFFECT.

These By-laws shall go into effect from and after their passage, and their approval by the Superior Court, or any justice thereof.

Attest:

HENRY B. TERRY, *Town Clerk.*

---

NORFOLK, SS. SUPERIOR COURT, December Term, to wit: January 16, 1883. Approved by the Court.

ERASTUS WORTHINGTON, *Clerk.*

# REPORT OF SCHOOL COMMITTEE.

---

FOR THE SCHOOL YEAR ENDING DECEMBER 31, 1884.

---

TO THE CITIZENS OF HYDE PARK:—

The Committees appointed to superintend the different schools respectfully submit the following Reports:—

## HIGH SCHOOL.

Principal,—John F. Elliot.

Assistants,—Miss Cora L. Hill, (to September 1884), Samuel W. Culver, (since September 1884,) Miss Mary M. Coleman, Miss Sarah L. Miner.

Upon the resignation of Miss Hill at the close of the summer term, it was decided to employ a male assistant, and S. W. Culver, a graduate of Brown University, was selected.

The High School Building needs extensive and thorough repairs. The furnaces have been in use a long time and are almost worthless; the floors *must* be replaced by new ones; the crowded school room must be enlarged and better facilities for laboratory work ought to be supplied.

The increasing popularity of this school demands immediate action on the part of the town, to furnish its pupils and teachers with better accommodations for physical comfort and successful school work.

The committee will ask for an appropriation of \$3200 for this purpose.

H. M. CABLE,  
ANDREW WASHBURN,  
G. M. FELLOWS,

*Local Committee.*

Whole number of different scholars during the year . . .	137
Average whole number of scholars " " " . . .	94
" attendance during the year . . .	89.4
Percentage of attendance during the year . . .	95

Pupils who received diplomas at the annual graduation exercises in June:—

FOUR YEAR'S COURSE.—Lucy H. Crummett, Julia K. Davey, Edith G. Kendall, Sarah E. Roome, Addie I. Chesley, Emma J. Timberlake, Frank S. Childs.

TWO YEAR'S COURSE.—Frank T. Brackett, Patrick H. Crowley, John C. Halden, Ella F. Haven, Harris J. Howard, Clarence G. Norris, Lawrence S. O'Brien, Eleanor Starr.

Amount of teachers' salaries during the year . . .	\$3700 00
" janitors' salaries . . .	150 00
" expended for fuel during the year . . .	180 60
" " " incidentals during the year . . .	136 69

---

## DAMON SCHOOL.

Mr. E. W. Cross, Master.

Miss Lizzie D. Bunker, Miss Julia E. Donovan, Miss Sarah A. Crosby, (to March 1884), Miss Harriet E. Power, (since March 1884), Mrs. Caroline C. Pettee, (since September 1884), Miss Margaret E. Bertram, Miss Maria V. Rooney, Miss Edith H. Sears, Teachers.

The past year at this school has been marked by no lapse in the steady progress of improvement which has characterized it in the past. Some changes made at the beginning of the fall term, we believe will result in increased efficiency in the management of the Fifth, Sixth and Seventh classes and in the general supervision of the school.

The services of Miss Tower and Mrs. Pettee, two teachers of experience and reputation have been secured to fill vacancies and complete the force required for the instruction of the school. It is confidently expected that the expressions of gratification so heartily made by some of the visitors and parents at the last summer exhibition, will be even more gen-

eral the next, for no pains have been or will be spared to give the pupils in this district the very best instruction the town can supply.

The school has recently received added token of the generosity and kindly interest of Mrs. J. Huntington Wolcott of Milton, who has donated thirty-eight volumes to the library, including a set of Chamber's Encyclopædia.

RICHARD M. JOHNSON,

HENRY S. BUNTON,

*Local Committee.*

## GREENWOOD SCHOOL.

Mr. Daniel G. Thompson, Master.

Miss Sarah A. Bailey (to May, 1884), Mrs. Mary C. Howard (since May, 1884), Miss Agnes L. Adams (to March, 1884), Miss Alice E. Gage (to May, 1884), Miss Adelaide L. Dodge (since May, 1884), Miss Ellen M. Farnsworth, Miss Pauline F. Bishop (since March, 1884), Miss Sarah A. Remick, Miss Maud G. Leadbetter, Teachers.

This School, under its present corps of able teachers has sustained its hitherto excellent reputation. Its standard of discipline is mild but firm. Its aim in instruction is to reach thoroughness, through the most approved methods of teaching.

The theory is held that the best and most enduring results of education are good character, correct habits of study, and complete mastery of principles.

The grading of the classes is steadily improving, and increasing prosperity, and usefulness are promised.

It having been found necessary to have additional heating power, a new furnace was put into the Schoolhouse, during the short vacation.

Fears having been expressed, that there was danger, from some apparent weakness of the roof, Mr. David Perkins, at the request of the committee, promptly examined the building and expressed the opinion that there was no danger of any kind, to be apprehended.

GEORGE M. FELLOWS,

## FAIRMOUNT SCHOOL.

Mr. Henry F. Howard, Master.

Miss Annie L. Howe, Miss Hattie E. Adams, Mrs. Matilda H. P. Cushing, Miss Hattie F. Packard, Miss Jennie S. Hammond, Miss Helen A. Perry, Teachers.

The organization of this school has remained the same during the whole year. The number of pupils has steadily in-

creased, and their health, conduct and progress have been very satisfactory.

We notice with pleasure the successful efforts of the teachers to secure gentlemanly conduct and manners out of school as well as in it. There is less rudeness and noise upon the streets. A Fairmount boy rarely fails to raise his cap in acknowledging recognition from a lady; and, more and more gentlemen receive from them the same courtesy, so universal among cultivated people of other sections. Good manners are a great help to a young man, and a very useful part of education.

We wish that we could announce that there was a well appointed work-shop connected with the school; that Dr. Hale's or some other plan of half time had been adopted; that the problems of school house heating and ventilation were satisfactorily solved; that parents and teachers had come to realize that mental or moral precosity are detrimental, and the best things ripen slowly.

We believe however that the teachers of the school are doing good work, with as good results as can be expected under present limitations; and that they are entitled to the confidence and gratitude of this community.

ANDREW WASHBURN,  
GEORGE M. FELLOWS,

*Local Committee.*

## GREW SCHOOL.

Mr. Franklin H. Dean, Master.

Miss Hattie M. H. Darling, Master's Assistant.

Miss Mary A. Winslow, Miss Lucina Dunbar, Miss Annie L. Clark, Miss Jennie H. Soule, Miss Fannie E. Harlow, Miss Genevieve Brainard, Miss Agnes J. Campbell, Miss Leila E. Perry, Miss Mary E. Rogers, Teachers.

The Grew school has suffered during the past year as well as the one immediately preceding, by reason of the resignation of experienced teachers whose places it has been difficult to fill without diminishing the efficiency of the organization. The employment of an assistant in the Master's room, however, has enabled Mr. Dean to give that intelligent supervision to each and every grade which has secured far better results than the Committee had dared to anticipate.

Especially regretted was the resignation of Miss Frances J. Emerson of the seventh class, after ten years connection with the school. She bears to her new field of labor the best wishes of all who have been cognizant of her fidelity and success in the past. Miss Mary A. Winslow is now in charge of the seventh class, and her work is giving satisfaction to the Committee.

The inadequate accommodations and increased needs of the district have been promptly and cheerfully recognized by the town, an appropriation being made, and a building committee appointed to superintend the construction of an addition to the Grew School Building. The work was satisfactorily accomplished during the long vacation; and at the commencement of the fall term three beautiful rooms were placed at the disposal of your Committee, which will amply provide for the present needs of the district, one being still unoccupied. The opportunity was afforded of discontinuing the "little Everett" school on the High School grounds, and its popular teacher, Miss Mary E. Rogers, was assigned to the Grew, with the majority of her scholars, and placed in charge of one of the twelfth class rooms.

The construction of an ell rendered desirable repairs to the main building which had long been delayed. We have therefore had the same painted, together with the fences and out-buildings, have caused the slating, gutters and conductors to be put in thorough order, the underpinning repaired, the cistern cleansed, speaking tubes and set bowls supplied, and the yard to be graded and graveled.

The no-recess plan having received the almost universal commendation of the parents of the district, the same is now the order followed. The rule however is made elastic, the recess being given to the younger scholars and also to the older when deemed expedient.

We have been gratified to observe constant evidence of painstaking and progressive effort on the part of the younger teachers, and upon the whole consider the school in better condition than at the time of our last report.

HENRY S. BUNTON,

CHARLES G. CHICK,

*Local Committee.*

Graduates—Philip W. Capron, Nellie A. Duggan, Albert L. Gates, Fannie E. Killam, Eva E. Shaw, Annie S. Long, Hildreth G. McFarland, Bertha L. Sloan, Frances B. Wood, Walter G. Holmes, Mary L. Cannon, Mary A. Dolan, William H. Horne, Margaret I. Hoogs, Alice E. Rich, Ellis W. Littlefield, Helena R. McNally, Leonard A. Wood, Dora M. Wiggin, Ernest G. Bacon, Albion M. Soule.—21.

“ “ “ incidentals during the year	. . .	709 20

## BUTLER SCHOOL.

Miss Belle D. Curtis, Teacher.

In 1804 Lemuel Crane gave to the Fifth School District in Dorchester this lot of land "for the purpose of building a school house thereon and to be improved for the benefit of schools and for no other use," with this condition "that when said district shall cease to improve said land for the purposes aforesaid for two years in succession the land shall revert back to me, etc."

The school house was at once built and a school was kept therein until October, 1872, when this town in the interest of economy transferred the pupils to the Greenwood Building then just completed, and this house closed. No demand then existed for the use of the building until 1881 when a petition was received by the Committee asking that the building be repaired and a school opened. A new fence was built, but before action could be had in town meeting a suit was brought by the heirs of Lemuel Crane claiming that the town had forfeited the land. The case was taken to the Supreme Court, where it was decided that the condition of the deed is not that the estate shall be forfeited if the tenant ceases to keep a school on the land for two years in succession and ordered judgment for the town on May 11, 1883, [135 Mass., Rep. 147.]

Last year the town made an appropriation of \$500 for the repair of the building, which has been expended, together with \$150 from school incidentals and the house is now in thorough repair, the grounds have been fenced and graded and the school well equipped with all things necessary for good primary work. Miss Belle D. Curtis a Normal graduate and a teacher of experience, was employed as teacher. The school opened September 22, 1884, with twenty-two pupils of the Eleventh and Twelfth Classes. After the closing of the Everett School this number was increased to thirty-eight and the roll now shows forty names.

The school has been very successful thus far and the result fully justifies the opening of the school.

## EVENING SCHOOLS.

Ample provision was made by the town last spring for efficient evening schools, and acting in harmony with a well evidenced public desire, competent teachers were employed and early last December schools were opened both in the Damon and Grew school buildings. The attendance at the Damon during the month of December was quite large, the roll at times showing from sixty to seventy names. This attendance was however irregular in many instances, and as the *real work* of the school room became manifest, many severed their connection with the school. The number has now become reduced to about thirty-five and these are not as regular in attendance as could be desired. The school at the Grew building opened with about twenty pupils, but during December this number became so much reduced that the school was closed at the end of one month.

While our citizens vote the money cheerfully for these schools and it would seem that a great demand for them existed, yet the facts as shown by their history from year to year clearly prove that the persons for whose benefit they are provided fail to take advantage of these opportunities for an

education so generously provided by the town. In a word, parents after demanding and voting the money fail to see to it that the children attend and get the benefit of the money expended. Unless greater interest is shown in the matter of requiring children to attend these schools we recommend in future the opening of but one school and a smaller appropriation.

The schools for Mechanical and Architectural drawing have proved successful this year and your committee cheerfully recommend that they be continued another year.

CHARLES G. CHICK,  
HOBART M. CABLE,

*Committee on Evening Schools.*

## TO THE CITIZENS OF HYDE PARK.

The detailed reports of the various Sub-Committees give such a complete history of each school during the past year, that no uncertain judgment can be formed in regard to their meaning.

In 1701 the penalty imposed by the Massachusetts Legislature upon towns for neglecting to provide Grammar Schools was twenty pounds.

In 1884 the Massachusetts Legislature made it necessary that every scholar in the Commonwealth should be provided at public expense with all books and school supplies, thus making our schools *absolutely free*.

The children of the rich and poor sit side by side, and the young minds acting under different social and home laws, here bend to one will and are influenced by one set of circumstances, and in the race of intellect the child of poverty may outstrip the child of luxury.

The appropriation of \$1000 for the purchase of books and school supplies was not sufficient to enable the Committee to carry out the spirit of the law, hence they are obliged to ask for an *extra* appropriation of \$1500 for this deficiency.

Next year it will doubtless require a larger sum of money to maintain our schools properly than has ever been expended in a single year. The Grammar School Buildings are all in a good condition, but the High School Building needs *extensive repairs*.

The population of our town is increasing and the school expenses will be increased accordingly.

The question naturally arises, what can be done to give any additional benefits to our scholars without largely increasing the school expenses?

The entire administration of our school affairs is vested in a School Committee composed of men who are engaged in the active duties of life.

While I do not question that the sacredness of this high trust

committed to their care is as carefully guarded as their training—experience and time will permit—yet I should be unjust to myself and my own convictions if I did not say that our schools can, in my judgment be greatly improved by *professional supervision*.

A *practical* teacher of large experience, sound sense and good ability should, in my opinion, have the care and supervision of our schools under the control and direction of the Committee.

He should acquaint himself with whatever concerns the best interests and progress of popular education, in order that all the children in the town may receive the *best* education possible.

He should devote the principal part of his school hours to visiting the schools for the purpose of obtaining a personal knowledge of their condition, advising with teachers as to the *best* methods of instruction and management, carefully looking after the warming, ventilating and cleanliness of the school buildings; keeping regular office hours other than school hours, that parents and teachers may consult with him in regard to the *various* necessities which the intellectual training and physical comfort of our fifteen hundred school children actually *require*.

In a word—a Superintendent should perform *all* those duties, which for want of time or *any* other cause the Committee do *not* perform.

I will not attempt to specify the thousand little wants and necessities of our school children that demand *constant* attention, but *whatever* is requisite for the prosperity, comfort and convenience of our schools which is in the power of the Committee to furnish, should be *his* duty to *at once* provide.

The above views in regard to *supervision* are the personal views of the undersigned and are not stated as representing the views of the Committee in any manner.

H. M. CABLE,

*Chairman.*

# REPORT OF SCHOOLS.

## HIGH SCHOOL.

PRINCIPAL — JOHN F. ELLIOT.

ASSISTANTS — SAMUEL W. CULVER, MISS. S. L. MINER, MISS M. M. COLEMAN.

1884.	Whole number.	Average whole number.	Average attendance.	Attendance in per cent.	Punctuality in per cent.	No. not absent.	No. not tardy.	No. not absent nor tardy.
Jan. 1 to June 30 .....	91	86	81.7	95	99.1	10	51	9
Sept. 1 to Dec. 31.....	108	106	101	95	99.4	14	64	10

Perfect in attendance from January 1 to June 30, 1884.—Edward St. C. Fellows, William M. Cannon, Harry C. Farnsworth, Charles E. Hathaway, Patrick H. Crowley, William O. Beal, Henry G. Andrews, George W. Hodges, Nellie P. Jenkins.

Perfect in attendance from September 1 to December 31, 1884.—William M. Cannon, Charles E. Hathaway, Henry G. Andrews, Edwin W. Sawyer, Edward E. Badger, Walter F. Bryant, Mabel E. Holmes, Nellie P. Jenkins, Henry A. Heydacker, Hildreth, G. McFarland.

Perfect in attendance during the year.—William M. Cannon, Charles E. Hathaway, Henry G. Andrews, Nellie P. Jenkins.
